An outreach to all youth & Family in the
Newnan GA community.

Sponsored by the Newnan Church of Christ

HEADLINE

Wednesday night dinners before church have been going for the past 2 weeks and thus far it is a huge success. In the first 2 weeks. We earned \$400+/- towards our SUMMER 2010 MISSION TRIP. WOW!! If you haven't made it to one of these yet you don't know what your missing. Not only is it supporting YOUR youth but it is teaching the youth commitment and service. Where else can you go for \$5.00 and enjoy a warm meal and fellowship. Tickets are sold each Sunday in the foyer so that we can get a general count. But you can still email us or just show up. We always make extras.

UPCOMING EVENTS

As most of you know the 1st and 3rd Saturday nights are our Gas Station time. Saturday the 19th the youth would like to challenge the Savvy Saints and anyone else, to a game night. We will be grilling out burgers at 6:00pm. Please come and play some games with us. We have slow games, fast games, and of course FUN games. Please join us. I believe its time we enjoy the company and fellowship of one another.

LTC

LTC is among us. We have about 12 who have filled out their paperwork thus far. Last Wednesday night we took some time to figure out what all we wanted to do. Thus far we have BIBLE BOWL, PUPPETS, DRAMA, CHORUS, and individual challenges some have taken. I am looking forward to this years time in Mobile. We have a lot of hard work ahead but I think you guys are up to it. 2 Samuel is our challenge. We will spend the first 15 minutes each Wednesday in study and then on to puppets, drama, etc.

HELP WANTED

The youth program is seeking wise persons that have something to say. Topics are open. We are looking for guest speakers on Sunday mornings that can bring some message or lead a discussion with the teens. Topics such as attitude, the future, respect, or anything that is on your heart. This is open to anyone that has a story to share. MALE OR FEMALE.

Sunday the 13th we will be starting a new and I believe exciting study on Sunday mornings. ACTS BEGINS. We will follow every verse and then have discussion. I believe there is much we can learn from this book. I want to take it to a whole new level.

ATTN: PARENTS AND TEENS: With this study I am requesting that **NO CELL PHONES** be allowed in. I will have a basket outside the door in which you can place them. CELL PHONES, as great as many of you think they are, have become a **LARGE** problem in our classes. Parents if your teen has the phone out in class I will take it up. I'm not trying to be hard nosed about this but it has become a **HUGE** problem.
